

3 YEAR OLD CLASS

PRE - READING

Exposure to letters and words.
Build vocabulary.
Develop story comprehension.
Exposure to rhyme.

PRE - WRITING

Introduction to letter recognition.
Experimentation with writing tools: crayons, markers, chalk, scissors.
Practice small motor and hand eye coordination skills.

MATH

Introduction to counting and number recognition.
Exploring shapes, comparisons, and sequencing.

SCIENCE

Introduction to five senses, nutrition, health, life-cycles, magnets, sea life, weather, space, pets, dinosaurs, and animal classification.

SOCIAL STUDIES

Develop an awareness of self, family, friends, holidays, community helpers, Pilgrims and Native Americans.

ARTS & CRAFTS

Experimentation with art tools and different media: tempera paint, play dough, chalk, crayons, water colors, finger paint, paste, glue, scissors, brushes, markers, sponges, and stamps.

BIBLE

Exposure to Bible Stories. Learning that Jesus is God's Son, Jesus and God love us and expect us to love others.
Weekly chapel, daily songs and prayers.

LIBRARY

Introduction to library behavior and library procedures. Enhance listening skills and promote enthusiasm for reading.

PHYSICAL EDUCATION

Apparatus activity skills: monkey bars, climbing ladder, slide, bikes, scooters, rocking see-saw board, balance beam.
Loco motor activity: running, jumping, hopping, skipping, and tumbling.
Manipulative activity: parachute, bean bags, hula hoops, scoops, and balls.
Games: bowling, red light/green light, cat and mouse, relays, dodge ball, shooting and dribbling for basketball, hockey, and soccer.

MUSIC

Singing, listening to music, using rhythm instruments, rhyming and creative expression.

SOCIAL AND EMOTIONAL DEVELOPMENT

Provides healthy atmosphere to allow for separation from parents and home.
Encourages independence: dressing, toileting, washing hands, feeding themselves, responsibility for belongings, and cleaning up.
Develops self-control: Learns how to cooperate in work and play, express feelings and needs in words, practice sharing, increase attention span, develop problem solving skills, learn to encourage and compliment peers.
